

Privacy policy

The protection and security of your personal data is an important concern for us. Therefore we process your data exclusively on the basis of the statutory provisions (GDPR, TKG 2003). In this data protection information we inform you about the most important aspects of data processing within the framework of our website.

The current version of the General Data Protection Regulation GDPR can be found at the following link:
<https://eur-lex.europa.eu/legal-content/EN/TXT/HTML/?uri=CELEX:32016R0679&qid=1594108873929&from=EN>

Contact with us

If you contact us via the contact form on the webshop or by e-mail, your data will be stored for six months for the purpose of processing your enquiry and in the event of follow-up questions. We will not pass on this data without your consent.

Data storage

We would like to point out that for the purpose of an easier shopping process and for the later contract processing, the IP data of the connection owner will be saved by the webshop operator within the scope of cookies, as well as the name, address, contact person, e-mail address, telephone number and UID number of the buyer.

The data provided by you is necessary for the fulfilment of the contract or for the implementation of pre-contractual measures. Without this data we cannot conclude the contract with you. The credit card data is not stored by us, but is automatically forwarded to the processing bank institutions/payment service providers Wirecard and PayPal for the purpose of debiting the purchase price. Data will not be transferred to third parties, with the exception of the transport or shipping company commissioned by us to deliver the goods and our tax advisor to fulfil our tax obligations.

After cancellation of the purchase process, the data stored by us will be deleted. In the event of a contract being concluded, all data from the contractual relationship will be stored until the end of the tax law retention period (7 years). In addition, the data name, address, purchased goods and date of purchase are stored until the expiry of the product liability period (10 years). The data processing is based on the legal provisions of § 96 (3) TKG as well as Art. 6 Para. 1 lit. a (consent) and/or lit. b (necessary for the fulfilment of the contract) GDPR.

Cookies

Our website uses so-called cookies. These are small text files that are stored on your end device with the help of the browser. They do not cause any damage.

We use cookies to make our offer user-friendly. Some cookies remain stored on your terminal device until you delete them. They enable us to recognise your browser on your next visit.

If you do not wish this, you can set up your browser to inform you about the setting of cookies and to allow this only in individual cases.

If you deactivate cookies, the functionality of our website may be limited.

Online job applications

Your application data will be collected and processed electronically by us for the purpose of handling the application procedure. If your application is followed by the conclusion of an employment contract, your transmitted data may be stored by us in your personnel file for the purpose of the usual organisational and administrative process in compliance with the relevant legal regulations.

If your job application is rejected, the data you transmitted will be deleted automatically six months after the rejection is announced. This does not apply if longer storage is necessary due to legal requirements (e.g. the duty of proof under the General Equal Treatment Act) or if you have expressly consented to longer storage in our database of interested parties.

Your rights

With regard to your data stored by us, you are entitled to the rights of information, correction, deletion, restriction, data transferability, revocation and objection. If you believe that the processing of your data violates data protection law or your data protection rights have otherwise been violated in any way, you can complain to us at the following e-mail address v.prexl@tagnology.com or the supervisory authority. In Austria this is the data protection authority.
